

Padel Society Safety Statement

The Padel Society is committed to providing a safe, inclusive and enjoyable environment for all members participating in padel activities at Padel Park Letterkenny. The society will take reasonable steps to identify and manage potential risks associated with playing padel, travelling to and from the venue, and participating in society activities.

All members are expected to follow the rules and safety procedures of both the Padel Society and Padel Park Letterkenny, use equipment responsibly, wear suitable sports clothing and footwear, and participate within their own physical capabilities. Members must report any injuries, hazards, damaged equipment or unsafe behaviour to a committee member or venue staff as soon as possible.

Students are responsible for arranging their own transport to and from the venue. This may include travelling independently, getting a lift, or carpooling with other students. Any student choosing to carpool should ensure that they are comfortable with their travel arrangements, while drivers are responsible for complying with all applicable road safety, licensing and insurance requirements.

In the event of an accident, injury, fire or other emergency, activities will be stopped where necessary, and the venue's emergency procedures will be followed. Emergency services will be contacted when required, and incidents will be reported in accordance with the relevant college, Students' Union and venue procedures.

The Padel Society Committee will regularly review its safety arrangements and risk assessment and will make appropriate changes where new risks are identified or following any significant incident. The aim of the society is to ensure that members can participate in padel in a responsible, respectful and safe environment.
